## ***LEAF Announces Activity Bus for Middle School Activities Program!***

St. Cloud, MN— The District 742 Local Education & Activities Foundation (LEAF) announces that it will be working with the District 742 Transportation Department to offer an activity bus for students involved in the student activities program at District Middle Schools this fall.

Students at Kennedy, North and South Middle Schools will be able to ride the Activity Bus to selected Community locations within the school's attendance area.

Bus stop schedules can be obtained through each middle school activities office. There will not be a charge to ride the activity bus; however, students must be involved in after-school programming to qualify for a ride to the Community drop-off locations.

Parent questions should be directed to the appropriate school activities director.
